

When So Many Depend on You, You Can Depend on Us to Keep You Connected.

The Panasonic Multi-Cell DECT System keeps you in constant touch with colleagues and patients while making the rounds of your facility.

Panasonic DECT Wireless Solution for Healthcare Facilities

Anytime, Anywhere Access

Panasonic DECT handsets allow you to roam freely and still communicate seamlessly and effectively. Even if you are away from your station, you can be reached by both internal staff and outside callers. You can reach doctors, providers, and patients' family members all with the same convenience as if you were near your desk phone.

Models for Every Need

The Panasonic DECT wireless handsets are ideally suited for use in busy healthcare facilities, nursing homes, retirement homes, and managed care facilities with standard, compact, and rugged models from which to choose.

Convenient and Scalable Solution

Panasonic DECT wireless coupled with your Panasonic KX-TAW/TDA/TDE/NCP communications system offers the ideal mobile communications solution with up to a maximum of 128 cell stations.

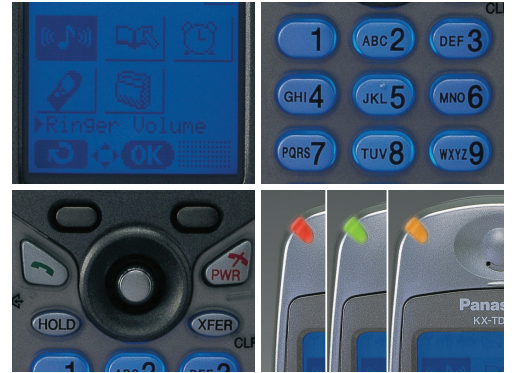

Panasonic ideas for life

Communication Made Easy

Panasonic offers reliable, flexible solutions for healthcare facilities.

Elegant, Smart and Sturdy - Business Mobility Terminals

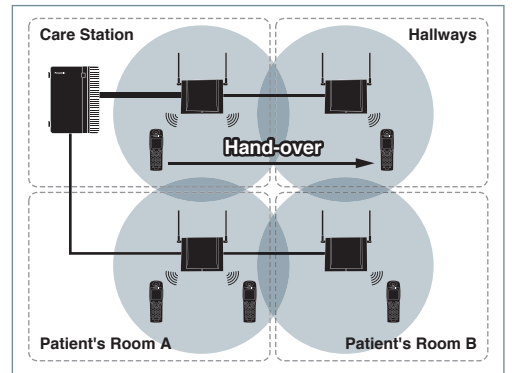

Handsets have a large, 6-line, blue backlit LCD and include all the features you'd expect such as Caller ID, personal and system speed-dials, and a built-in 100-entry phone book and distinct ring/LED options. The handset includes an intuitive Graphical Icon Menu and dynamic Operation Guidance with Soft Keys and a built-in Joystick.

Seamless Connectivity

This system provides automatic hand-over between installed cell stations - enhancing coverage and giving you true communication mobility even within large premises. Maintain high connection quality as you walk around, moving from one cell station area to the next while continuing with important business conversations.

With Panasonic DECT, multi-system Registration allows you to roam across up to 4 different phone systems with one wireless DECT handset for maximum flexibility.

A Rugged Model for Demanding Environments

The KX-TD7696 with its IP54 dust and splash-resistance is a reliable communications tool when you are caring for patients, assisting them in moving around the premises, or performing cleaning or maintenance tasks. The ruggedized case makes the unit impact-resistant as well, to help prevent damage when accidentally dropped on hard surfaces.
